Chairman Ludt explained that all members of the Heritage Commission, including their spouses and children, are invited to tour the New Boston AFS/Luther Melendy Farmstead on the 8th of June at 2pm. The group will be able to see many stone walls and the old foundation. There is also a disk of information on Melendy that the Chairman will make available to the members.

b. “Hidden Treasure” Events with FWHA

i. Saturday, 13 May 2017 – Village Walking Tour, 1-2PM

Chairman Ludt stated that the walking tour will leave from the library at 1PM.

**ii. Saturday, 20 May 2017 – “Trail of the Month” – Lindabury Orchard,
10-11:30AM**

44 Chairman Ludt explained that this will be a small hike, concluding with a
45 picnic lunch for those who choose to bring one.
46

47 **c. Bertha Rogers Grant Update – Town Hall Vault Project**

48 Chairman Ludt stated that this project is going along nicely. The consultant comes
49 into the Town Hall twice weekly and this should be continuing for another month
50 or two. The plan is to get an estimate for ordering new cabinets to hold some of
51 the documents found during this project.
52

53 The Moose Platte Grant will soon be being delivered. This should allow some of
54 the important identified documents to be digitized and put onto microfilm.
55

56 **d. Roundtable – Attendance at Other Boards/Commissions**

57 The group briefly discussed other meetings that they had attended during the
58 month.
59

60 Chairman Ludt excused himself and handed leadership of the meeting to Ms. Mary
61 Mahar at 7:39PM.
62

63 **e. “Throw Back” Thursday – Amherst Heritage**

64 The group briefly discussed the current state of disrepair of the Town Hall and if
65 there were any ideas on how to help.
66

67 Mr. Simon Corson explained to the committee some of what was being found in
68 the Vault during the project.
69

70 Mr. Andy Ouellette discussed wishing to find the old White Pine Blister Rust
71 maps, as they pertain to Amherst that may currently be held in the State Forest
72 facility in Hillsborough. The maps were created over a 60 year period during
73 which time a program was put in place to eradicate the blister rust fungus, in order
74 to save white pines. Every 5 years people would walk through the town to rip out
75 and then burn any evidence of this fungus. The maps created from this process are
76 hand-drawn and very accurate. They display a large number of landscape features
77 of the town. There are maybe 25-30 maps that pertain to Amherst and the town
78 currently has about 12 of them.
79

80 **f. Minutes Review/Approval – 13 April 2017**

81 There were no questions or comments on the minutes from the April meeting and
82 Ms. Mahar stated that they should be considered as final minutes.
83

84 Mr. Conor Frain asked if there were any thoughts on the town doing something next year
85 to celebrate the centennial anniversary of the end of WWI. Ms. Mahar stated that she
86 would contact Marie Grella to find out if there are any plans.
87

88 **III. Adjourn**

89 Ms. Mahar declared the committee to be adjourned at 7:53PM.
