

**Amherst Pipeline Taskforce / Kinder Morgan  
Meeting Agenda  
Tuesday, April 28, 2015, 2pm**

1. Introductions
2. Avoidance Criteria
  - Schools
  - Environmentally sensitive areas, e.g.:
    - Ponemah Bog
    - Rare species habitat (Stump Pond)
  - Residential cul-de-sacs
  - Conservation Land
  - (Relatively) densely populated areas
3. Alternate Routes
4. Next Steps
  - Meeting minutes will be prepared by the Town and provided to Kinder Morgan and FERC
  - When can Amherst expect to see an analysis and reevaluation of the proposed route through our town based on the conversations in this meeting?
  - If there is a route change, when will it be submitted to FERC?
  - When will impacted property owners (on the currently proposed and the newly proposed route) be notified of a change in the proposed route?
  - When will surveyors be redirected from the current route to the newly proposed one?
