NEW BUSINESS:

1. CASE #: PZ10944-012219 – Brett Vaughn (Applicant & Owner), 106 Baboosic Lake Road, PIN #: 006-008-000 – Request for approval for a Subdivision Application to subdivide two lots from Tax Map 006-008-000 and to leave the remaining area in Conservation. Zoned Residential/Rural.

Tom Carr, Meridian presented the case along with owner Brett Vaughn.

The proposal is to subdivide two lots. They previously presented this plan for a CUP to raze and replace the structure on the lot. The area to be subdivided is in the conservation easement and is allowed to be taken out of the easement. The wetlands have been researched and there are none on the subdivided lots. Tests pits have been done on the lots and they are suitable for septic.

The existing driveway will be relocated into the easement area shown on the map. It will be a common driveway off Baboosic Lake Rd. There will be room for a fire truck to turn around.

Not all approvals are in place. The name of the private way needs to be determined as does the official address of the two new lots. They also need state subdivision approval which they will submit this week.

G. Leedy clarified with Tom that these lots will come out of the conservation easement. Brett clarified the terms of the easement listed the existing home as exclusionary area and these two lots as withdrawn area.

E. Hahn stated note 9 is confusing regarding wetlands. Tom indicated that it will be rewritten.

M. Peterman moved to accept the plan for review. C. Harris seconded. All in favor

The board determined that the studies are not required.

M. Peterman moved to approve the subdivision with staff recommendations, driveway permit, name of the private way, address of the lots, state subdivision approval and mylar and fees. P. Lyon seconded. All in favor
