To Whom It May Concern:

We are pleased to notify you that we will be working on your road this year to include reconstruction, paving, general tree maintenance, drainage improvements, repainting of appropriate road markings, guardrail replacement, and any related sign repairs/replacements. The specific area of work will be Christian Hill Road between Eaton Road and Green Road. Our goal is to continue to implement our strategic road plan, continuously improving our Town's infrastructure while simultaneously enhancing its usefulness and aesthetic nature.

We are aware that several years ago a plan to reconstruct this segment of Christian Hill Road met significant resistance from abutting property owners resulting in the reconstruction being cancelled. We have a different reconstruction strategy that is less intrusive to abutting structures. It is our intention to ease resident concerns of private property damage during construction by presenting to abutters our reconstruction plan. Our goal is to allay your concerns by explaining the methods we intend on using and ensure your concerns are addressed to the greatest extent possible. We are confident that we will be able to implement and achieve a comprehensive plan that works for everyone, and is the best solution to improve the drivability, safety, and overall longevity of this segment of Christian Hill Road while maintaining fiscal responsibility. Further delay in reconstruction will continue to increase the cost of this project.

We would like to invite you to an informational meeting concerning the Christian Hill Road improvement project. The meeting will be held via Zoom web conference on May 7, 2020, at 5pm. A link to join the Zoom meeting will be posted on the Public Works webpage on the Town of Amherst website. The address to the Public Works webpage is <https://www.amherstnh.gov/public-works> on the DPW webpage you will see this link to the Zoom meeting. The Christian Hill Road project managers will be present at this meeting to answer any questions that you may have. All abutting property owners to this segment of Christian Hill Road will receive an invitation to this meeting.

We look forward to meeting you. Thank you for your anticipated time and cooperation throughout this process. As always please call our office at 603-673-2317 with any questions or concerns.

Sincerely,

Eric M. Slosek
Assistant Director Public Works
