NEW ONLINE PERMITTING

Beginning on Monday, October 28th, the Building and Code Enforcement Division will now have permitting available online for all construction related permit applications.

This new system can be found by visiting our website at <https://www.amherstnh.gov/building-code-enforcement> or on our home page, under the Find it FAST menu. First time users will be required to create an account with their email addresses.

With the new permitting system, you will be able to apply for and attach all your construction documents, as well as track the status of the permit all in one place.

Permits available on this system are:

- Building permits (for all new construction, additions, remodels, sheds, decks, porches, roofing and many other improvements)
- Electrical
- Plumbing
- Demolition
- Generators
- HVAC systems
- Gas piping and fuel burner systems
- Septic systems
- Sign Permits
- Blasting permits

Please be advised that payments cannot be accepted via this system.

Anyone that has questions or concerns about this new system is encouraged to contact the Office of Community Development's Building and Code Enforcement Division at 603-673-6041 ext. 214 or by emailing the Building Official, Scott P. Tenney, directly at STenney@AmherstNH.gov.
