

(17-34) 18 Foundry Street, Amherst, NH 03031  
Owner: Stephen and Amy Hollenberg

Seeking approval to permanently add 2 white propane tanks to the outside of the property in order to change the fuel source for apartment 3. They are small, 120-gallon tanks, tucked in behind the bushes so they will not be seen once the leaves grow back again. They are positioned in the back road and only slightly visible from Davis Ln during seasons with no leaves. Photo from the road shown below. Temporary tanks are in place until approval is granted so the unit has heat.

**Abutters**
